

White Paper

What is Panda Age

Panda age is the first ever
project in the history of
crypto trying to explain and
share the love of panda
existence

The oldest panda name was
AN AN

Why Panda Age

He lived for 105 years

But the Normal age for
panda's to live is 30

So for his existence we
created this project

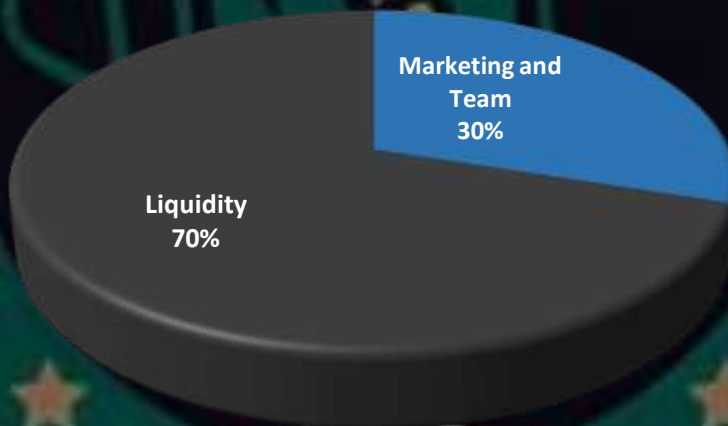

To celebrate all panda out
there

In the wild and other places

Tokenomics

1 Billion PAT fix supply

**Stealth Launch with 2 BNB in
LP funded by the Team**

Launch MC is 2,85 BNB

Tokenomics

Contract Feature

Contract is Provided and controlled by Chrissou Dev (Ethic Dev, Doxxed and totally honest)

Max Wallet 1% the first 24h then 3%
Max Sell 1% the first 24h then 3%

LP is generated in the contract and locked (first lock period 1 Week, then 1 month then 1 year upon MC targets)

Stability Mechanisms :

At launch AntiBot Mechanism
Anti Jeets Mechanism. Jeets Tax is maximum 20%

Min Time between successive Sells : Off at launch, Team could activate it if needed

Roadmap

Panda Age is designed for the long term, we welcome Diamond Hands, to build a strong and growing project.

The role of the community is essential in these difficult times and we count on the dynamism and involvement of every holder, this project will start with a limited marketing budget and will build itself with the community. Each Holder will have to work for his bag.

Before, and After Launch animated shill contests, raids, and calls with ethics callers (no pump and dump) and much more...

MC 20K\$: Extend Lock to 1 month, WebSite

MC 60K\$: Staking Pool and LP farm

MC 100K\$: Extend Lock to 1 year

MC 150K\$: Game Launch (B2G)

MC 250K\$: NFT Line Launch

MC 500K\$ and Over : Community Polls to decide next utilities , no limit in the possibilities.
